Inexperienced Punchard Opens Season Saturday

DAYLIGHT SAVING ENDS SUNDAY

Daylight saving time ends Sunday morning with the usual semi-annual puzzle for most householders about setting clocks ahead or back.

Well, at this time of the year the clocks are set back an hour to make up for the hour they were set ahead last spring. If you want to wake up Sunday morning and find your clocks on time just set them back an hour before you go to bed Saturday night. And don't forget the wrist watch, either.

An enthusiastic but inexperienced Punchard high school eleven will open its 1953 football season against Wilmington high at the playstead Saturday at 2 p.m.

The latest edition of the Punchard Blue Devils is led by Co-Captains Paul Ostrowski and Paul Whitley. The former is center of a big line while the latter is a hard-running fullback of a squad formed largely of seniors.

With a line averaging about 185 pounds per man and the backfield about 165 pounds per man the team will not be lacking in size. However, this weight is offset by the inexperience which is predominant in the squad.

Only three members of the starting lineup and one substitute can boast of having played two-way football before. As a result, blocking and tackling fundamentals have been drilled into the squad and Saturday will be the first opportunity to test the lessons learned.

It will also be the first game which Punchard will play under its new head coach, Bob McIntyre, and his assistants, William Igoe and Joseph Normandy.

The team they will field will probably be made up as follows: Tom Callahan, le., Dick Lumenello, lt., Ernie Clegg, lg., Paul Ostrowski (co-capt.) c., Jack Cole, rg., Bob Hesse, rt., Lou Pigeon or Connie McCarthy, re., Jimmy Adams, qb., Jack Carver, rbb., Paul Whitley (co-capt.) lb., and Joe Morgan, lhb.

Coach McIntyre's 1953 squad is composed of the following boys;

Protest Heavy Trucking On Brook Street

The selectmen at Monday night's meeting discussed a number of complaints that have been received about the noise of heavy trucking on Brook street.

The chief offender, according to complainants, is a Lowell concern whose cement mixers use the street frequently.

Limiting the size of trucks to use the street was one of the suggestions made during the discussion but action was postponed for further study of the situation.

The application of Vincenzo DiIorio of North Reading for an alcoholic beverage license at Ann's Cottage was received and will be advertised for a hearing Oct. 5.

Two bids were received for the installation of an oil burner at the town-owned Shaw property on Main street. They were: Howe Heating Corp., \$125, and \$165 if new controls are to be installed; William

Will Filled

The will of Charles Emerson Stone of Andover, who died Aug. 31, was filed in Essex County Probate court here Wednesday accompanied by a petition on behalf of Dr. Morris Yorshis of Methuen asking that the will be proved and allowed and letters testamentary issued to him. The petition set forth that the testator's widow, Ada Menzies Dailey Stone, nominated as executrix, has declined to serve. Estimated value of the estate is \$5,000 in personal property and \$10,175 in real estate.

The instrument was signed Feb. 20, 1950 and instructs that his entire estate is willed to his wife if she survives him, and provides for the disposition of the estate if his wife dies within a period of 90 days after his own death.

These secondary provisions set forth that Peter Barnes Moller of West Brookfield, is to receive all of the testator's real estate in West Brookfield if he survives, or to Moller's wife and children if he is deceased.

Mrs. Theresa Walley Richardson of Princeton, Mass., is to receive the real estate on Main street, Andover, for the duration of her life, after which it is to go to Dr. Yorshis subject to the life estate of Mrs. Richardson, Mrs. Richardson and Dr. Yorshis are to share equally in all the remainder of the testator's estate, with a request that they comply with suggestions contained in a letter for the disposal of certain items. The will states that in the event Mrs. Stone declines to serve as executrix, the carrying out of the provisions of the will be entrusted to Dr. Yorshis.

Lieut. Governor To Speak Here Tonight

The Andover Service club will open its 22nd season tonight at a dinner meeting in the Andover Inn at which Lt. Gov. Sumner G. Whittier of Everett will be the guest speaker.

President Irving J. Whitcomb announces that the club has lined up an excellent list of speakers for its coming year including leading figures in industry, government, baseball and business.

Other club officers for the year are: First vice president, Edward A. Romeo; second vice president, John N. Cole II; secretary and treasurer, James R. Mosher; directors, Will C. Brown Jr., James D. Doherty, William F. Lucey, Forrest H. Noyes and John P. Toomey.

GREAT BOOKS DISCUSSION

Any person, regardless of educational background, occupation, profession or job, who is willing to read an assigned book or sections of it and then to come to the meetings held every other week, to speak up about his reaction to the book and to listen to the ideas of fellow readers is most cordially invited to attend the Great Books Discussion group at the Memorial Hall Library this season. The first meeting will be Tuesday evening, October 6, at 7:30. New members to the group are reminded to read "Lucian" (selections) beforehand, since this will be the basis for the first discussion. Although this is part of the third year course, a newcomer will find himself quite at home even though one of the group may make a reference to some book read in a previous year.

As an example of the books coming up in the near future, here is a selection of third year titles: Of the Teacher, St. Thomas Aquinas; Songs of the Volsungs and the Nibelungs; Macbeth, Shakespeare; Paradise Lost, Milton; Candide, Voltaire; Essays Concerning Human Understanding, Locke; On Liberty, Mill; Origin and Development of Psychoanalysis, Freud.

Each year the books for discussion are sold as a unit by the Great Books Foundation, but it is not absolutely essential for members to purchase the set. However, since most readers wish to underline and make margin notes for quick reference it is very desirable that they own sets. The library will arrange for their purchase.

Circulars giving details may be had at the Memorial Hall Library, or ask for information at the desk.

Hail The Chief

Andover's new police chief David L. Nicoll and its new police sergeant, James R. Lynch, are law enforcement officers of which this community has good reason to be proud.

Both men are solid citizens, of high moral character, who have lived exemplary lives. And what is more, they are students of their chosen profession.

There was a time, and many Andover residents will recall the period, when all policemen were relegated to the generalized category of "dumb cops". The movie industry rendered an injustice to the law enforcement profession by offering a conception of policemen, which portrayed them as slapstick comedians, always the targets for gooey pies and invulnerable tripping into water basins or cement bins while engaged in chasing mischievous boys or sharp witted "con" men. That farcical misconception of policemen died out with the horse and buggy. Nothing was ever further from the truth.

But even now, in an era when "Dick Tracy" is a national hero and "Martin Kane" is a "T.V." major attraction, Chief Nicoll and Sgt. Lynch have contributed much to advance the idea that high intelligence and police work are necessary companions.

Consider the qualifications advanced by Chief Nicoll for the position to which he was this month named. His application sets forth a background which one might expect to be pre-requisite for admission to Harvard or MIT.

He was graduated from Punchard high school in 1933 as Salutatorian and President of his class. While serving in the United States Army during World War II, he achieved an I.Q. rating of 124, when only 110 was needed for Officers Training School and 96 was average. When he was appointed Sergeant in Sept. 1947, he received a mark of 92.50 in the qualifying examination. When he was appointed chief in Sept., 1953, he had achieved a mark of 99.84.

Sgt. Lynch led the list of those seeking to be named to that position with a high mark of 92.87. He scored a mark of 95.14 when he took the chief's examination this year.

Andover residents have real reason to be proud of their top rung police officers and of the patrolmen right down the line. They are intelligent, capable, physically qualified men.

There is no such thing as free money from the federal government. Grants-in-aid, subsidies or other such handouts can come only after the necessary wherewithal has been taken from us in taxes. — Industrial News Review.

The rifts that seem to be appearing in the Iron Curtain are causing a degree of optimism in the western world greater than we have known for a long time.

A man's best pay is experience — it can't be taken from him either by fraud or taxation.

Down the Years with The Townsman

50 Years Ago — September 1903

Tomorrow afternoon the deciding game between the Andover nine and Ballardvale will be played at Glen Forest. A great crowd is expected to be on hand for this contest.

If the frost will keep off just a little bit longer, we say editorially, we are promised a record crop of peaches and all the strawberries we can eat. This freaky summer, we add, keeps corn from developing and tomatoes from ripening.

A pretty home wedding Wednesday evening united Margaret, daughter of Mr. and Mrs. James Poland, and James Creighton Soutar, son of James Soutar of Mineral st., in the sacred bonds of matrimony. The Rev. F. R. Shipman of the South church performed the ceremony.

Rapid progress is being made on the McKeen building at Abbot, the second story having been started this week.

H. A. Halstead, former superintendent of schools here, spent Monday with friends in town.

The Lawrence Trading Stamp company has a large assortment of premiums on display in a window of the F. P. Higgins' store.

Young boys are causing considerable destruction to shrubs and other plants at the South church cemetery. If caught they will be severely dealt with.

25 Years Ago — September 1928

James M. Corrie of No. Main st., member of boy scout troop 2 of the Free church, was awarded The Townsman cup for winning the handicap hike to the fire tower on Prospect Hill last Monday evening.

Mrs. John Stewart was elected president of the Andover Garden club at the annual meeting last Tuesday held at the home of Mrs. Frederic N. Chandler.

M. A. Burke was elected grand knight of Andover council, K. of C. last night.

Lewis J. Kibbee of Clark rd., has been appointed permanent driver of Combination 1 at the Ballardvale engine house.

The cupola of the Methodist church in Ballardvale was struck by lightning in the storm last Thursday evening, sending part of it crashing to the street below.

Injured while playing football on the Ballardvale playstead last Saturday, Norman Matthews, son of Mr. and Mrs. Chester Matthews of Center st., died shortly afterward at his home.

10 Years Ago — September 1943

Phillips academy opened its 167th year this week with an enrollment of 720 and a faculty of 68.

Bernard L. McDonald was elected commander of the Legion post at a meeting held Thursday night. He succeeds Edgar Northam.

The Andover Taxpayers' association has elected the following officers: Wallace E. Brimer, president; Joseph A. McCarthy, vice president; Frank R. Petty, treasurer, and Elmer J. Grover, secretary.

NEW BOOKS

Your Arthritis: what you can do about it. Phelps.

Thoroughly revised and expanded edition of an older book which has helped many who are bothered with arthritis. Fine suggestions for those who would take that ounce of prevention.

Toll House Tried And True Recipes (1948 edition) Wakefield.

Maybe you think you have seen the best in recipes but this collection of 800 of those proven by New England's most famous inn is good all the way through.

Art Education In The Kindergarten. Gaitskill.

Interesting study based on program of art education in the kindergartens in the educational system of the Province of Ontario which involved almost 9000 children.

Infinity.

Lillian and Hugh Lieber, both professors at Long Island University, show by word and drawings what the great mathematicians have done to transform the concept of infinity from vagueness to definiteness. Written like pages of verse, because the short sentences are easier to comprehend.

How To Hook Rugs.

Excellent color chart, which rug makers will recognize as the Putnam dye chart. The book is a series of flower and scroll designs with accompanying diagrams with color tones printed in numbers.

The light Punchard eleven will open its season Saturday with Concord at the local playstead.

The new group of Andover inductees who left last Tuesday morning have been accepted for service and will go into active duty Oct. 5.

Most designs are formal and conventional in nature. Has one page of hooking information which looks extremely helpful.

Vocabulary And Spelling.

Pergande. Pergande has published a fine series of helps for those who are studying for Civil Service examination. This general vocabulary and spelling manual will be useful to them and to those who wish to "brush up" this field.

What Is A Jew?

Kertzer. Expanded from Rabbi Kertzer's articles in Look Magazine and in Readers Digest, this gives Gentiles grounds for respect for and Jews ground for pride in the faith. Basic beliefs are explained carefully, and customs and traditions outlined.

Loot Scout Camp At Pomp's Pond

Police are checking on a break made at the Salvation Army boy scout camp at Pomp's pond last week in which nine wall tents, shovels, axes and lanterns were reported stolen. The equipment, valued at \$500, was stored at the camp. Charles J. Evans, camp director, discovered the break on his weekly inspection trip last week.

Entrance had been gained to the cabins by removing the window shutters, which were nailed back into place by the thieves. A heavy chain strung across the roadway at the entrance to the camp, was broken in the center, leading to the belief that a truck was used in removing the equipment.

Retelle, son of Mr. and Mrs. Albert J. Retelle, of River rd. The Rev. William F. Lucey officiated. Sprays of white gladioli were arranged on the altar and the guest pews were marked with white satin bows and white chrysanthemums. Mrs. Elizabeth Morrissey was the soloist and Mrs. Franklin Attridge presided at the organ.

Given in marriage by her father the bride chose a gown of white nylon tulle and rose point lace fashioned with an oval neckline, shirred bodice, short puffed sleeves and a bouffant skirt. The bridal attendants included Miss Anita Krukley of Shirley as maid of honor, Miss Molly Bonasch of Philadelphia, Miss Rita Peters of Somerville and Miss Marjorie Ann Retelle of Andover as bridesmaids. They wore ballerina length gowns of blue and pink Swiss embroidered organdy with matching nylon tulle sweetheart bonnets and carried colonial bouquets of pink carnations. The flower girl Miss Linda Bourdelais of Lawrence, niece of the bridegroom, wore a full length gown of blue Swiss embroidered organdy, a flowered headpiece and carried a white basket of mixed flowers.

Emergency crews had the service restored shortly before 2 p.m. When burning wires at the intersection offered a hazard to motorists and Pedestrians Officer Robert Deyermund was assigned to traffic duty in the area until the damaged wires were repaired.

Two New Coaches Appointed At P. A.

Phillips academy has announced the appointment of Fred H. Harrison as head coach of hockey to succeed Hart D. Leavitt, and Val-leau Wilkie Jr., as baseball coach in place of George L. Follansbee.

Harrison attended Lawrence high and participated in athletics at Andover and Yale, playing football, hockey and baseball. He served in the army during World War II in the European theatre with the rank of captain. This is his second year at Phillips where he is assisting in three sports.

Wilkie has played football and baseball at Yale. He came to Andover six years ago to join the faculty and has assisted Coach Follansbee with the baseball team.

While serving as a second lieu-

tenant as pilot with the air corps in England in World War II he was shot down over Germany and was a POW for a year and a half.

Sgt. Lynch Assumes New Police Duties

Police Sergeant James R. Lynch, who was elevated to his new rank by the selectmen last week, assumed his new duties Sunday night by taking over the night shift.

Sergeant Lynch will be the night sergeant while Sergeant William R. Hickey will be the day

sergeant.

The appointment followed the policy which has been in effect here for a number of years which

is to take the top man on the civil service list for promotion unless some sound reason is found to pass him over.

Ford's your best buy any way you look at it!

With 41 "Worth More" features it's worth more when you buy it...worth more when you trade it!

Fifty Years Forward on the American Road

Every day, hundreds of folks experience a special kind of thrill for the very first time. They're taking '53 Fords out for that important airing we call a Test Drive.

What's so special about that first ride in a Ford? Well, you get a hint the moment you

slip behind the wheel, sink down on the foam rubber seat and look through Ford's one-piece windshield, curved just enough to flatter the car's looks, yet wide enough to let you see the whole countryside.

But the special thrill is the "kick" you get

as you gently nudge the accelerator and feel the engine take hold. You're moving now, yet you barely feel any motion. You're moving faster, yet you have to listen to hear the engine. It's just about at this point that folks discover how much they like the '53 Ford.

Your choice of V-8 or Six:

Only Ford in its field offers you both a V-8 and Six... a choice of Fordomatic, Overdrive or Conventional. And no matter

which Ford engine you choose, you get the gas-savings of Ford's Automatic Power Pilot... high-compression GO on "regular."
